

Swim & Water Safety

Australian Curriculum V9.0 Alignment

A guide for HPE teachers outside Victoria to understand, adapt, and use this resource suite — mapped to Australian Curriculum Version 9.0 HPE (Years 7–8 and 9–10).

AC V9.0 HPE	Years 7–8 & 9–10	Dryland / Classroom	77+ Resources
-------------	------------------	---------------------	---------------

01 Context — What This Suite Is and Where It Came From

This resource suite was developed collaboratively by an HPE teacher and educational designer to address a gap in classroom-ready, dryland swimming and water safety teaching resources. The 77+ resources cover Years 7–8 and Years 9–10 and require no pool access — everything is designed for a standard classroom or gymnasium setting.

The suite was originally developed against the **Victorian Curriculum F–10 Version 2.0** (VCAA), specifically the Health and Physical Education learning area and its safety focus area. It draws on resources and research from LSV, RLSSA, SLSA, AUSTSWIM, Paddle Australia, and international bodies including RLSS UK and the CDC.

The Victorian Curriculum V2.0 is VCAA's adaptation of the Australian Curriculum V9.0 — related but not identical. Strand names and content description codes differ (VCHPEP/VCHPEM vs AC9HP8P/AC9HP8M). This document maps the suite directly to AC V9.0 codes for use in all other states and territories.

The core pedagogical approach — strength-based, inquiry-oriented health literacy; risk analysis; movement skill development in authentic contexts — is consistent with AC HPE principles and transfers directly across all jurisdictions.

02 Australian Curriculum V9.0 — State & Territory Adoption

All Australian states and territories are required to adopt Australian Curriculum V9.0. Implementation timelines and adaptation approaches differ:

State / Territory	Authority	V9.0 Status	Notes for using this suite
Queensland	QCAA	✓ Staged rollout 2024–2028	QLD implements AC as written. AC9HP codes apply directly.
ACT	ACT Education	✓ From 2024	AC implemented directly. Codes apply without modification.
Tasmania	TASC / DoE TASC	✓ From 2023	Early adopter. AC9HP codes apply directly.
South Australia	DECD / SA Ed	✓ All schools from 2024	All sectors required. AC9HP codes apply directly.
Northern Territory	NT DoE	✓ Implementation under development	AC codes apply directly. See localisation for NT Indigenous context.
New South Wales	NESA	→ Adopt & adapt	NESA adapts AC into NSW syllabuses. Map codes to PDHPE syllabus outcomes. Core content is compatible.
Western Australia	SCSA	→ HPE mandated 2025	WA adapts V9 into WA Curriculum. Cross-reference SCSA curriculum browser. Closely aligned to AC V9.

Even where your jurisdiction uses adapted syllabuses, the content descriptions in this suite align to the same underlying concepts — risk assessment, protective behaviours, health information analysis, and movement in aquatic contexts. Cross-reference AC9HP codes with your syllabus; the match will be clear at the concept level even if codes differ.

03

Australian Curriculum V9.0 Content Description Alignment

The following tables map the major themes and resource clusters in the suite against AC V9.0 HPE content descriptions. Codes prefixed **P** = Personal, social and community health strand. Codes prefixed **M** = Movement and physical activity strand. Both strands must be taught in each year level.

Years 7–8 Alignment

Theme / Resource cluster	AC V9.0 Code	Content description (abbreviated)	Alignment
Water hazard identification & risk assessment Lessons 1–2, Workbook Sec 1–2, Scenario Cards	AC9HP8P10	Plan & implement strategies using health resources to enhance health, safety & wellbeing	Strong
Drowning statistics analysis & data tasks Data Analysis PDF, Lesson 2, Quiz Bank	AC9HP8P09	Investigate how media & influential people impact attitudes, decisions & behaviours re health	Strong
Protective behaviours & help-seeking Lesson 3, Workbook Sec 3, DRS ABCD resources	AC9HP8P08	Refine protective behaviours & evaluate community resources to seek help for self and others	Strong
Emergency response — DRS ABCD, CPR, call 000 Lesson 4, Emergency Response resources	AC9HP8P08	Refine protective behaviours & evaluate community resources to seek help	Strong

Theme / Resource cluster	AC V9.0 Code	Content description (abbreviated)	Alignment
Peer influence, risk-taking & decision-making Lesson 3, Decision-making scenarios, Debate Framework	AC9HP8P06	Analyse factors that influence emotional responses & develop strategies to self-manage	● Partial
Media analysis — water safety campaigns Lesson 5, Cross-Curricular Literacy Unit	AC9HP8P09	Investigate how media & influential people impact attitudes, opinions & behaviours	● Strong
Survival float, HELP position, dryland movement simulation Lesson 4–5, Movement resources	AC9HP8M01	Analyse, refine & transfer movement skills in a variety of rescue situations	● Strong
Reach & throw rescue techniques (dryland) Lesson 4, Rescue Simulation activities	AC9HP8M01 AC9HP8M07	Analyse, refine & transfer movement skills / Propose & evaluate movement strategies most effective	● Strong
Water environments & community use of outdoor spaces Lesson 1, BeachSafe activities, local waterway tasks	AC9HP8P05	Participate in activities utilising community & outdoor settings to evaluate strategies to support	● Partial
Inclusion in aquatic activities & fair play Differentiated workbooks, EAL/D scaffold, teacher notes	AC9HP8M08 AC9HP8P09	Modifications for fair play & inclusive participation / Leadership, collaboration, group decision-making	● Partial
Student health action plans Assessment task, Digital Portfolio template	AC9HP8P10	Plan & implement strategies using health resources to enhance own and others' health, safety	● Strong

Years 9–10 Alignment

The advanced Year 9–10 resources (Advanced Workbook, Extension/Scaffolded versions, Data Pack, Cross-Curricular Literacy Unit) extend into public health analysis and advocacy.

Theme / Resource cluster	AC V9.0 Code	Content description (abbreviated)	Alignment
Social determinants of drowning; health equity analysis Advanced Workbook Sec 5–6, Extension tasks	AC9HP10P09	Examine how health information & digital environments influence health decisions & behaviours	● Strong
Water safety policy & public health advocacy Extension tasks, Debate Framework, Literacy Unit	AC9HP10P10	Design, implement & evaluate strategies for health, safety & wellbeing using health resources	● Strong
Critical analysis of drowning risk data Data Pack, Advanced Workbook Sec 3–4	AC9HP10P09	Examine health information & digital environments influencing health decisions	● Strong
Advanced rescue & lifesaving movement — Bronze concepts Advanced Workbook Sec 6, Movement resources	AC9HP10M01	Refine, apply & transfer movement skills to achieve movement outcomes	● Strong
Leadership in aquatic safety scenarios Scenario Cards, Debate Framework, group decision-making	AC9HP10M09	Apply leadership, collaboration & decision-making across activity contexts	● Strong
Wellbeing strategies for active aquatic participation Advanced Workbook, Fitness integration tasks	AC9HP10M06	Design & evaluate strategies to achieve health and wellbeing outcomes	● Partial

GENERAL CAPABILITY SKILLS RELEVANT	The suite explicitly develops: Critical & Creative Thinking (data analysis, scenario reasoning); Literacy (reading health info, persuasive writing, media analysis); Numeracy (drowning statistics, risk calculation); Personal and Social Capability (protective behaviours, help-seeking); and Intercultural Understanding (CALD community risk data, multilingual parent resources). These are embedded throughout and do not require separate mapping.
---	---

04 Resource Suite Overview

The suite contains 77+ individual resources. Below is a summary of the major resource types, their audience, and their primary AC alignment. All resources are HTML; major resources also available as PDF. PowerPoint decks are available for key lessons.

Resource	Year level	Format	Primary AC codes	Notes
Student Workbook (5-lesson unit)	Y7–8	HTML · PDF	AC9HP8P08, P09, P10, M01	Core classroom resource
Teacher Resource Guide	Y7–8	HTML · PDF	All Y7–8 codes	Lesson plans, answer key, rubric
Scaffolded Workbook (EAL/D)	Y7–8	HTML · PDF	AC9HP8P08, P10	Simplified language, visual supports
Extension Workbook	Y7–8	HTML · PDF	AC9HP8P09, P10	Higher-order analysis tasks
Advanced Workbook (6-section)	Y9–10	HTML · PDF	AC9HP10P09, P10, M01	Public health inquiry depth
Y9–10 Scaffolded & Extension	Y9–10	HTML · PDF	AC9HP10P09, M01	Differentiated Y9–10 versions
Quiz Question Bank	Y7–8 / Y9–10	PDF	All codes	Formative & summative questions
Myths & Facts Poster	Y7–8	HTML · PDF	AC9HP8P09	A2 classroom display
Debate Framework	Y9–10	HTML · PDF	AC9HP10P10, M09	Policy debate on water safety
Drowning Data Analysis Pack	Y9–10	HTML · PDF	AC9HP10P09	Statistics tasks, cross-curr. Maths
Scenario Cards	Y7–8	HTML · PDF	AC9HP8P08, M07	Beach, river, pool, flood contexts
Swimming Carnival Briefing	Y7–8	HTML · PDF	AC9HP8P08	Student & teacher versions
Substitute Teacher Pack	Y7–8	HTML · PDF	—	Self-contained standalone lesson
Parent/Family Info Sheet	All	PDF	—	English, Chinese, Hindi, Burmese
Excursion Risk Mgmt Template	Teacher	HTML · PDF	—	LOCALISE: Vic-specific legislation
Student Digital Portfolio	Y7–8	HTML	AC9HP8P10	Guided reflection template
PowerPoint Decks (×2)	Y7–8 / Y9–10	PPTX	All codes	Teacher-facing presentation decks
Glossary of Terms & Acronyms	All	HTML · PDF	—	Interactive full-suite reference
Resource Directory / Index	All	HTML · PDF	—	Complete suite navigation hub

05 Localisation Guidance — Adapting for Your State or Territory

Most content in this suite transfers directly across Australia. A small number of elements reference Victorian-specific organisations, legislation, or statistics. The table below guides you on what to keep, swap, or check.

	Action	Replacement / Guidance
References	SWAP	Use your state body: NSW/ACT → SLS NSW + Royal Life Saving NSW; QLD → SLS QLD; WA → SLS WA; SA → SLS SA; TAS → SLS TAS;
s (LSV annual reports)	SWAP	Use RLSSA National Drowning Report (royallifesaving.com.au) — free, annual, state-by-state breakdowns
nts (Port Phillip Bay, Murrumbidgee River, Yarra)	SWAP	Replace with your state waterway names. BeachSafe app (beachsafe.org.au) covers all Australian coastal locations nationally
References	KEEP	National resource — valid for all coastal states and territories
l, Paddle Australia	KEEP	All national bodies — keep as-is throughout all resources
ation	SWAP	Replace with your state regulations (Building Code of Australia provides national baseline; state variations apply). Check state fair trading authority
(VCHPEP, VCHPEM) in footer	SWAP	Replace with AC V9.0 codes from Section 03 of this document. NSW/WA: also map to state syllabus codes
ry	SWAP	Update to local Traditional Custodians. Use Narragunnawali (narragunnawali.org.au) — correct acknowledgements by postcode
Content	CHECK	Content is nationally relevant. Update any Vic-specific org/helpline references. Verify multilingual language priorities for your school community
to (000)	KEEP	Australian Resuscitation Council national standards — directly applicable in all states and territories
policy references (Teacher Guide)	SWAP	Replace with your state Department of Education equivalent

For most resources — student workbooks, scenario cards, quiz bank, classroom resources — no localisation is needed. Content, pedagogy, and AC alignment are directly applicable. Localisation effort is mainly concentrated in the teacher guide (policy references), excursion risk management template, parent information sheet, and footers displaying Victorian Curriculum codes.

06 How to Use This Suite in Your School

Getting started — four steps

- 1
- Download the suite from the GitHub repository or shared drive link provided.
- 2
- Review the Unit Overview document (water_safety_unit_overview.html) — a complete map of all 77+ resources, sequencing, and assessment.
- 3
- Check the localisation table (Section 05) and make any necessary swaps before distributing to students.

4

Start with the Teacher Resource Guide — full lesson plans with timing, differentiation, and assessment built in.

Delivery models

5-week unit (Y7–8)	One 50–60 min lesson per week. Student Workbook, Teacher Guide, Scenario Cards, assessment task.
Full-term subject	Extend with Advanced Workbook (Y9–10), Data Pack, Cross-Curricular Literacy Unit, and Debate Framework.
Single-lesson standalone	Substitute Teacher Pack — self-contained, no prior unit context required.
